PAR 4
S.I. 9

No. 18 Ice House

A challenging uphill par 4, Ice House demands an accurate tee shot left of the fairway bunker on the right. The green is quite elevated and demands an extra club on the approach. The green is guarded by deep sand bunkers left and a sharp drop-off right. Putts from the centre or right side will definitely break toward the north while a view of St Andrews may take your mind away from the task at hand.
